Hello Friend!

Thank you so much for visiting **Nantia.co**

HOW TO INSTALL YOUR FONT:

Windows 10:
· Unzip the folder containing the fonts first.
· Right click on the font file and select Install. That's it, enjoy your font!

OS X (Mac users):
· Unzip the folder containing the fonts first.
· Double click the font file and Font Book will open a preview of the font.
· Click "Install Font" at the bottom of the preview. That's it, enjoy your font!

HOW TO ADD GREEK LANGUAGE SUPPORT :

Windows 10:
· On the Start button click Settings
· Click Time & Language and then click Region & Language.
· Select Add a language and choose the Greek language from the list. Enjoy your Greek font!

OS X (Mac users):
· On the Apple menu, click System Preferences.
· Click Language & Region, and then click Keyboard Preferences
· Click +, select the Greek language, and click Add.
· Select the Show Input menu in menu bar checkbox. Enjoy your Greek font!
